

## Call for Registrations

# 4<sup>th</sup> International Conference and Exhibition on 3D Body Scanning Technologies Long Beach CA, USA, 19-20 November 2013

Organized by HOMETRICA CONSULTING · Switzerland

[www.3dbodyscanning.org/2013](http://www.3dbodyscanning.org/2013)

## Conference Description

This conference and its parallel exhibition aim to fulfill the demand for an international event focused on 3D human body scanning technologies, 3D human body measurement methods and applications. This event is the world leading technical and scientific platform dedicated to these specific fields.

In the last two decades, 3D scanning technologies developed in other industrial sectors were successfully applied to the measurement and scanning of the human body. Methods and techniques are continuously ameliorated, more efficient and performing scanning systems are produced every year and new software tools are developed unceasingly.

The international conference and exhibition on 3D body scanning technologies serves as a platform for the information on the latest developments and interesting applications in various sectors, as well as, for building relationships and exchanging ideas between manufacturers, users, developers and researchers from around the world.

## Conference Topics

The technical program consists of oral presentations, poster presentations and live demonstrations in (but not limited to) the following technical areas:

- 3D body and 3D face scanning methods, systems and technologies
- Active 3D body scanning technologies (laser scanning, white-light scanning, kinect)
- Passive body scanning methods (photogrammetry, visual-hull)
- Portable and hand-held scanning devices
- Full body scanning systems for the apparel and fashion sector
- Applications in medical sciences (plastic surgery, orthotics, prosthetics, forensics, dermatology, etc.)
- Foot scanning, custom footwear and orthopedics
- Digital anthropometry, anthropometric studies
- Body size measurement campaigns, fitting mannequins
- Biometrics and applications in security
- Applications in sport, health and fitness
- Human body and face modeling, animation and simulation
- Applications in virtual life, games and entertainment
- 3D body scanning for arts and sculpture

## Registration Fees

Each attendee/participant/delegate that wishes to attend the conference and visit the technical exhibition has to fill a registration form and pay the registration fees before November 11<sup>th</sup>.

Registration as	Regular	Late, after October 31
Attendee:	550 USD	600 USD
Presenting author:	450 USD	500 USD
Student:	350 USD	400 USD
One day only:	350 USD	400 USD

Prices are in US Dollars (USD)

## Conference Program

The technical program consist of oral presentations and live demonstrations grouped in different technical sessions.

### Program outline:

The preliminary program of the conference is structured, during two full days, in an opening session and 14 technical sessions in dual track, accommodating in total more than 70 scientific and technical presentations.

The parallel technical exhibition will allows manufacturers of scanning equipment to present and demonstrate live their products and solutions during both days to all attendees/visitors/participants.

Breaks and social events are planned in order to increase the possibilities for building relationships and exchanging ideas between attendees, authors, participants, exhibitors.

4th International Conference and Exhibition on 3D Body Scanning Technologies, Long Beach CA, USA, 19-20 November 2013				
Time	Tuesday 19th November 2013		Wednesday 20th November 2013	
08:00	Registration Welcome desk		Registration	Exhibition Setup
09:00	Exhibition		Technical Session 7 Body Scanning Systems & Technologies	Technical Session 8 Anthropometric Studies & Surveys
10:00				Exhibition
	Opening Session		Coffee Break	
11:00	Break			
12:00	Technical Session 1 Medical Scanning Systems	Technical Session 2 Body Scanning for Apparel I	Technical Session 9 Medical Applications II	Technical Session 10 Body Scanning for Apparel II
13:00	Lunch Break		Lunch Break	
14:00				
15:00	Technical Session 3 Medical Applications I	Technical Session 4 Body Modeling & Avatars	Technical Session 11 Morphology Analysis & Measurement	Technical Session 12 Body Scanning for Apparel III
16:00	Coffee Break		Coffee Break	
17:00	Technical Session 5 World Engineering Anthropometry Resource I	Technical Session 6 Full Body Scanning Systems	Technical Session 13 Kinect Based Scanning	Technical Session 14 World Engineering Anthropometry Resource II
18:00			Exhibition Breakdown	
19:00			Closing Session	

## Conference Site - Long Beach, California, USA

Long Beach is located in Southern California, USA, on the Pacific coast, just 20 miles (35 km) south of Los Angeles. Long Beach brings both the "big city" downtown feel with the charm of a seaside community. Long Beach is easily accessed. There are 3 airports within 25 minutes of the city: Los Angeles International Airport (LAX) for long-distance connections, Long Beach Airport (LGB) and John Wayne Airport (SNA) with domestic connections. Long Beach is within driving distance from a number of major destinations: Los Angeles 25 miles, Pasadena 34 miles, Santa Monica 31 miles, Huntington Beach 15 miles, San Diego 114 miles, Santa Barbara 116 miles, Las Vegas 248 miles.

The conference and exhibition will take place on the third level of the Westin Long Beach hotel, which is centrally located, only steps away from shops, entertainment and many restaurants.

Address: The Westin Long Beach, 333 E Ocean Blvd, Long Beach, CA 90802, USA
