8th International Conference and Exhibition on 3D Body Scanning and Processing Technologies

Focus on the **TECHNOLOGIES** with different application sectors

Frequency: 1 year, 8th Conference, 2nd time in North America

Strong international character with participants from all continents

65% participants from private/commercial industries and firms

35% participants from universities and research institutions

High profile: 45% managing, 50% technical/operative, 5% staffs/std.

Conference Program

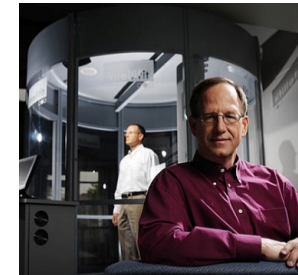

Technical Sessions - **New this year:**

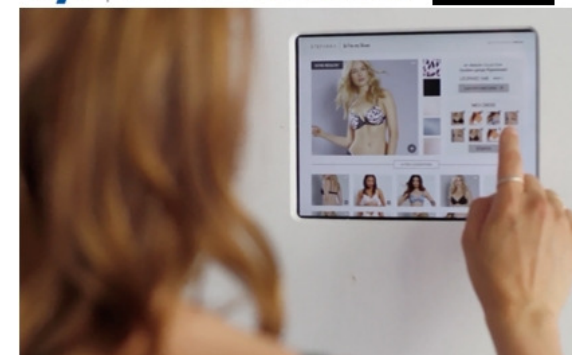

Live demonstrations - during the poster session:
3 live demonstrations: 2 foyer, 1 outside at the entrance

New session 11: 3D Body Scanning with Clothes On

Panel-Discussion - at Technical Session 12:
Retail & 3D Tech: Bridging the Gap
with 5 experts from the sector

Exhibition - Opening Session

Opening Session

Exhibitors will make shortly introductions at the opening session
Some world and international premieres will be announced:

Size Stream (USA)

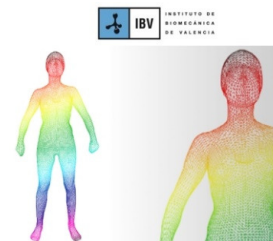

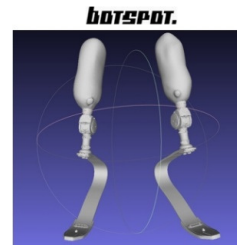

Groundbreaking motivational feature for weight loss and fitness.
The Size Stream mobile app transfers your 3D data from the S520 body scanner and computes in real-time a visualization of your desired fitness goals.

3dMD (UK/USA)

botspot (German)

IBV (Spain)

Styku (USA)

VITRONIC (Germany)

Human Solutions of N.A. (USA)

Anatomi Metrix (Canada)
